Dear Employer:

## CITATION

7/82 MFM

In the interest of assuring a safe and healthful workplace and reducing the injuries and illnesses to your employees within the State of Oregon, the Accident Prevention Division recently conducted an inspection of a workplace under your control. During this inspection certain violations of the Oregon Safe Employment Act, ORS 654, were found.

This citation lists the violations and sets a date by which the violations must be corrected. If you are not able to correct the violations by the correction date, you may apply for an extension of the compliance date by following the instructions on the back of this page.

The laws and rules of the Oregon Safe Employment Act require that under certain conditions violations of the safety and health rules be assessed a civil penalty. If penalties have been assessed on this citation, they have been computed in conformity with OAR 436-46.

If you wish to appeal this citation, you must file your request for hearing within 20 days as outlined on the back of this page.

If you wish to discuss this citation, please feel free to call the Accident Prevention Division Manager at the local office in your area:
